2021 COLLECTION – UNOPENED:PROBE

**영문:**

The 2021 New Collection campaign 'UNOPENED: THE PROBE' expresses Gentle Monster's unique imagination of an unknown realm that has not yet been opened.

THE PROBE is an assemblage of Gentle Monster's technology and aesthetic that was created to represent the unknown realm. This campaign will introduce to us newness that sets itself apart from this already familiar world.

Meet the diverse range of products from the 'UNOPENED: THE PROBE' campaign with its recognizable yet bizarre world view.

The actual PROBE itself will be revealed offline soon.
